1. Nominating Committee for IUGG Officers for 2003-2007 selected

An important matter for the IUGG Council at its meeting in Sapporo in 2003 will be the election of officers (President, Vice-President, Treasurer, and 3 Members) and the 5 members of the Finance Committee. (The Secretary-General was elected for two terms in 1999.) The Nominations Committee has the task of collecting the nominations and preparing the ballot, following the rules regarding nominations and elections for these positions (IUGG By-Laws, Section 10). President Kono has announced the selection of the members of the Nominations Committee as follows:

- Chair: Dr. Klaus-Peter Schwarz (Canada)
- Members: Prof. Michael Kuhn (Austria), Prof. Devendra Lal (India), and Dr. James O'Brien (U.S.A.).

[Instructions regarding the procedures to be used to submit nominations are posted on the IUGG Web site](#) and will be mailed to all IUGG officers and Adhering Bodies during the week of February 3.

2. V.K. Gaur receives AGU Honor

Prof. Vinod K. Gaur, a member of the IUGG Finance Committee and Distinguished Professor at the Indian Institute of Astrophysics in Bangalore, recently received the 2001 Edward A. Flinn III award from the American Geophysical Union. Prof. Gaur was cited for his "contributions facilitating research and development through the introduction of international collaboration in various aspects of Earth Sciences in India."

3. In Memoriam - Peter Vincent Angus-Leppan

Emeritus Professor Peter Vincent Angus-Leppan (Australia), President of the International Association of Geodesy from 1983-1987, died on 18 October, 2001. An obituary will be published in a future Journal of Geodesy in the IAG Newsletter section.

4. IUGG-related meetings occurring during February - April 2002

A calendar of meetings of interest to IUGG disciplines (especially those organized by IUGG Associations) is posted on the IUGG Web Site [www.IUGG.org]. Specific information about these meetings can be found there. Individual Associations also list more meetings on their web sites appropriate to their disciplines.
