1. Information about IUGG Archives

When the IUGG Archive was transferred from Toulouse, France, to the present Office of the Secretariat in Boulder, Colorado, USA, it became clear that this large volume of valuable records should be deposited in a permanent facility where they could be accessed both by IUGG officers and scholars of the history of science. In March 2000, the IUGG Bureau agreed to deposit the records in the Niels Bohr Library of the Center of the History of Physics of the American Institute of Physics. An article on the Niels Bohr Library, "Preserving the Heritage of Discovery" by the director, Spencer Weart, appeared in the January, 2002 issue of *Physics Today* (pgs 28-33). For more information about the library itself, consult their web site: <http://www.aip.org/history>.

Recently, we were informed that the inventory/finding aid for the IUGG records, are now processed and online at: http://www.aip.org/history/ead/aip_iugg/20010000_content.html

The finding aid is comprised of the following sections:

- short summary of the union, what it is comprised of, and how it operates
- historical summary, including dates and important events
- description of how the records were organized, the scope and content of the collection, and how you can access them
- series descriptions and container lists

Here is a sample of the information posted about the General Assemblies.

Series VIII: General Assemblies, 1939-99

The Proceedings (Comptes Rendus), Circulars, Agendas, Programs, Abstracts, reports, and participant lists are all included in the records (5.25 feet) of the 7th and 10th through 22nd IUGG General Assemblies, including the Extraordinary General Assembly held in Durham, England, in 1977. Correspondence and other organizing documents are also included for some of the Assemblies.

The IUGG Secretariat is grateful to the Center for the History of Physics for their professional and considerate care of the IUGG Archive.

2. Reminder of Call for IUGG Nominations

The April, 2002, issue of the IUGG E-Journal included a summary of procedures for nominations for a new IUGG Bureau (President, Vice-President, Treasurer, and 3 Members) and Finance Committee (5 members). The new officers will be elected by the IUGG Council at their meeting in Sapporo in 2003. Instructions regarding the procedures to be used to submit nominations are posted on the IUGG Web site, and have been mailed to all IUGG officers and Adhering Bodies.

The deadline for submissions is 30 September, 2002. Because of summer schedules, please do not delay to submit your nominations. Prof. Dr. Klaus Peter Schwarz, the Chair of the Nominations Committee, is available to answer your specific questions and accept nominations.
