

List of Reviewers

(as of January 2014)

All contributions in NMSOP-1 and 2 have been peer reviewed by international experts in the respective fields. Their names are given below in alphabetic order together with the numbers (in brackets) of the respective Chapters, Sections or auxiliary materials (DS, EX, IS, PD) reviewed by them. The Editor expresses his deep appreciation and thanks to all for spending their precious time in reviewing one or more contributions to this Manual, thus assuring the topicality and correctness of contents.
